Potassium Carbonate

CAS No.

584-08-7

Molecular Formula

K_2CO_3

Product Specification

Item	Index
K_2CO_3	99.0% Min
K_2O	67.5% Min
K	56.0% Min
KCl	0.01% Max
K_2SO_4	0.01% Max
Fe	0.001% Max
Water insoluble	0.02% Max
Heating loss	0.60% Max
Stacking density(g/ml) %	1.3% Min

Applications

Potassium carbonate, a basic inorganic chemical. It is mainly used in the production of optical glass, welding electrodes, electronic tubes, printing and dyeing, dyes, inks, sodium carbonate, polyester, ceramics, potassium

Package

- ▲ 25kg PP bag
- ▲ 1250kg big bag

GUANGZHOU CHEMICALS IMPORT & EXPORT CO.,LTD
